VERA Privacy Policy

In accordance with the EU Regulation governing personal data (The General Data Protection Regulation (GDPR) 2018 , set out below is the VERA Privacy Policy

What is this about?

Though designed primarily for companies, the Regulation also affects groups like ours holding personal data. Apart from requiring the normal 'common sense' aspects of data security to be implemented, the Regulation specifically requires a positive consent to be obtained from each individual whose data is to be held. If you are not prepared to give, or confirm consent to VERA holding your data, we regret that we are unable to accept your application for, or renewal of, membership of the Association.

We must clarify :

Who is holding the data
How it is collected
The type of information held
How it is to be used
Who has access to the data we hold
How you wish us to communicate with you
How to update or correct the information we hold
How long we will hold the information you give us

Who is holding the data

The Volk's Electric Railway Association Membership Secretary holds members' data securely

How is data collected

You provide, or confirm this information when you join our Association or renew your membership.

The type of information held

The Volk's Electric Railway Association holds members' names, telephone numbers, email and postal addresses. Also noted are payments made.

How is your data used

We use this information for:

- The administration of the Association
- Sending you our magazine.
- Contacting you if necessary in relation to the Association's activities or to provide you with information that, in the opinion of the Committee, will be of interest to you..

Who has access to the data we hold

Your data is only made available to Committee members as appropriate and necessary for their use solely in connexion with VERA activities. We will not pass on your details to any other person or organisation without your permission

How you wish us to communicate with you

We offer you the choice to be contacted or not via phone, text, or email by VERA Committee members. Members are entitled to receive the Association's magazine and we need to advise you of meetings of the Association and send you membership renewal material etc. This is only available by post. In order to keep down costs we may sometimes include other material within the posting. If you do not wish to receive material by post, you will need to make an acceptable arrangement with the Membership Secretary to collect your magazine and official notifications from the Association.

How to update or correct the information we hold

Amendments to the information we hold must be made in writing to the Membership Secretary. You also have the right, via the Membership Secretary, to check and update the personal data we hold on you.

How long we will hold the information you give us

We will hold your data while you are a member of The Volk's Electric Railway Association and for a period of not more than five years afterwards. We will also retain indefinitely, for archive and historical purposes, your name and membership number unless you, or in the case of your demise, a close relative or administrator, instructs us otherwise.
